## Kentucky Academic Course Codes

[704 KAR 3:540](#) states the following:

*Section 1. (1) Local districts and schools shall use uniform academic course codes, listed and described in the Kentucky Academic Course Code List, to classify all courses offered in each school when reporting to the Kentucky Department of Education.*

*(2) Reporting to the Kentucky Department of Education shall include the listing and linking of uniform academic courses if the listing of academic courses is required.*

*Section 2. The linking of local district and school codes to the academic course codes shall be performed by district and school staff using the student information system.*

*Section 3. The Kentucky Department of Education shall annually audit the use of uniform academic course codes by districts and schools.*

*Section 4. Incorporation by Reference. (1) "Academic Course Code List", April 2010, is incorporated by reference.*

The Kentucky Academic Course Code List contains a listing of course descriptions and parameters along with certifications that fit the parameters for a given course. The content listed for a course cannot be changed; however, the grade range and population information listed for each course are not absolute and can vary slightly depending on the needs of the school. Districts should choose the course that most closely represents the students in a given course. ***The description and content of a course are the determining factors in what should be selected.***

### Contact Information:

## HOW TO USE THIS DOCUMENT

This document contains a listing of course descriptions and parameters along with certifications that fit the parameters for a given course. The grade range and population information listed for each course are not absolute. Please choose the course that most closely represents the students in a given course.

### EXAMPLE

John Q Middle School had 5<sup>th</sup>, 6<sup>th</sup>, and 7<sup>th</sup> grade students taking a Creative Art course. This course would be linked to course number **500711: Creative Art – Comprehensive**, which shows with a recommended grade range of 6<sup>th</sup> – 12<sup>th</sup>.

The courses listed in this document are not meant to replace the course titles and course numbers already in use at the school level. Schools will link their courses on the Infinite Campus “Course Master” tab OR in the “Course” tab to courses listed in this document.

Schools may have created courses that are very unique in order to meet students’ needs. If a course does not meet the definition or content of one contained in this document, please use course number **909999: School Defined Course**, and code the correct content through the LEAD report.

## CERTIFICATIONS

It is important to note that the certificates listed are the ones that fit **ALL** of the parameters for a specific course – there may be other certificates that can teach it with slightly more restrictive parameters.

In addition to Highly Qualified considerations, please take note of the following information from ***The Kentucky Academic Standards*** with regard to middle school courses that are offered for high school credit.

### High School Credit Earned in Middle School

It is expected that most students will earn these credits during their high school years. However, local school districts may offer these courses to middle level students if the following criteria are met:

- the content and the rigor of the course is the same as established in the *Kentucky Academic Standards*
- the students demonstrate mastery of the middle level content as specified in the *Kentucky Academic Standards*
- the district has criteria in place to make reasonable determination that the middle level student is capable of success in the high school course
- **the middle level course is taught by teachers with either secondary or middle level certification with appropriate content specialization**

Although middle level courses list the Provisional and Standard Elementary Certificates, Grades 1-8 as allowable under the parameters of these courses, they will not meet the above requirements for courses that are offered for high school credit.
